

A DAY WITH FE LUXE 3/4 LEGGINGS

www adaywithfe.com | HKD 750

These leggings are comfortable with a superior stretch that doesn't restrict movement. The fabric feels a bit thin but there is no visible show-through. The only complaint is they sit a tad too low in the back, but pairing them with a longer top like the Fé halter yoga top solves the problem. Do take to heart the care instruction advising not to tumble-dry this garment. This reviewer forgot their pair in the dryer, and effectively the legs loosened up a bit just after one wash.

A DAY WITH FE HYACINTHE PERFORMANCE HALTER YOGA TOP

www adaywithfe.com | HKD 500

A comfortable, hip-length yoga top made of polyamide and elastane. Double layers of fabric around the chest with removable pads make sure there is no show-through. The elastic halter strap is not adjustable but it fit this reviewer very well. The garment has a very snug fit that neither restricts movement nor moves around.

PATAGONIA ACTIVE MESH BRA

With double layers of polyester and spandex, this bra fits well and feels soft. It can be worn alone or under a top. The coverage area is not very conservative. But because it fits so well, one doesn't need to worry about slippage during movements. The bra is not padded but it is possible to insert pads. It's the perfect bra for yoga though one may wish for thinner and more breathable material for serious cardio exercises.
